Energy-efficient solutions

More solutions to reduce greenhouse gas emissions

Building sustainability

Meaningful progress continues

By 2022, Verizon's networks and connected solutions will save more than **2X** the amount of global emissions that our operations create.

Verizon's partner, [IPS Group](#), is a leader in smart parking meters in cities across the U.S. In 2017, enabled by Verizon connectivity, IPS' meters reduced the number of miles driven to find available parking, avoiding **34,192** metric tons of CO₂e emissions.
