

Smarter Enforcement and Permitting for Universities

University Parking Departments have the huge responsibility of creating a smooth parking journey for the entire campus community. Centralize your operations with seamless aggregation of your department data, resources, and services within the IPS Fully Integrated Enforcement and Permit Management Solution. Customizable to any university, the IPS solution provides a powerful parking management and analytics system, secure public portals, and multiple mobile enforcement device options.

KEY BENEFITS

24/7 access to centralized online hub for real-time permit and citation information

Permit Management: applications, renewals, rates, rules, and waiting lists

Citation Management: payments, notices, adjudication, and collections

Robust reporting, analytics, unlimited custom reports at no extra cost

Real-time validation of vehicle registration through DMV integration

Supports iOS, Android and Windows enforcement devices with Bluetooth printer; options for new 1 or 2-piece devices

Dedicated customer success, 24/7 tech support, online self-service resources

Secure Customer Portals: applications, renewals, payments, contested citations, live chat and more

Optional Module: Fully integrated Campus Event Management

Integration-Ready: LPR, Cashiering, Student Records, Parking Meters and Kiosk Management, Booting & Towing, and more
