

PARKING APP

MOBILE PAYMENT

Park Smarter™

PARK SMARTER™ is a mobile app that elevates Smart Parking to the next level. Provide your customers with greater flexibility and convenience in an optimized mobile parking experience. The Bluetooth-enabled app is part of the IPS Fully Integrated Smart Parking Ecosystem and is available to IPS meter customers at no additional cost. Parking policies, rate structures, live alerts, reporting, data analytics, and app management are available through the IPS Data Management System (DMS), fully connected and perfectly aligned with your IPS meter operations.

KEY BENEFITS

Multiple Forms of Payment: Supports credit/debit card payments from American Express®, Discover®, MasterCard®, Visa®; Apple Pay® and Google Pay™; MasterPass® and Visa Click to Pay®

Quick, Easy Account Access: Simple account setup and intuitive parking payment on iOS and Android; supports Facebook authentication/single sign-on

Remote Extensions: Real-time notifications alert users in advance of parking expiration with option to pay to extend (if allowed by parking policy)

Real-Time Parking Finder: Gives directions to open parking spaces*

Optimized with BLE Connectivity: Puts time directly on the meter**

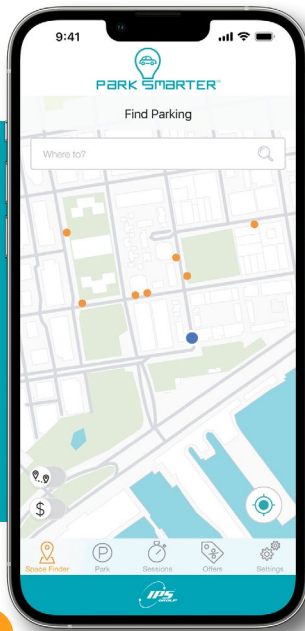

Personal Account Management: Provides transaction history, digital receipts, notification settings and preference management for fully personalized experience

Merchant Validations: Fully integrated with IPS service that allows merchants to offer discount codes, special offers and validations

* IPS Vehicle Detection Sensors required for the most accurate space availability

** Requires meter BLE upgrade

PARK SMARTER SPACE FINDER

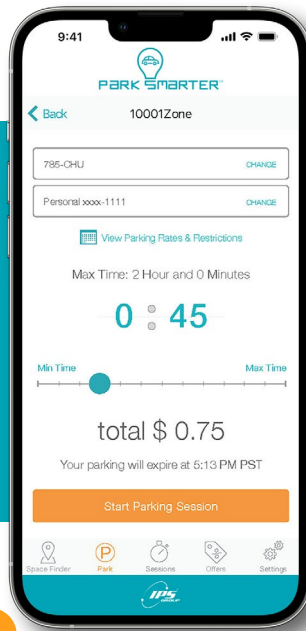

1

Parking Finder scans and identifies nearby parking spaces

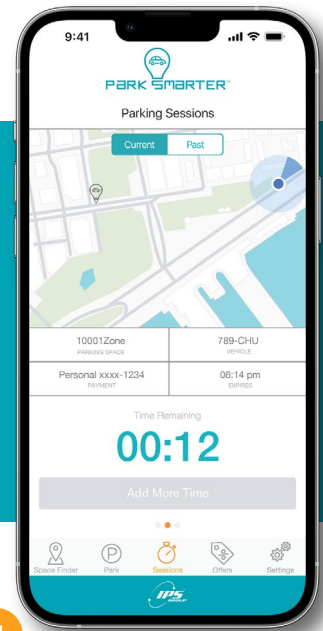

2

Parking Finder details proximity and cost of nearby parking spaces

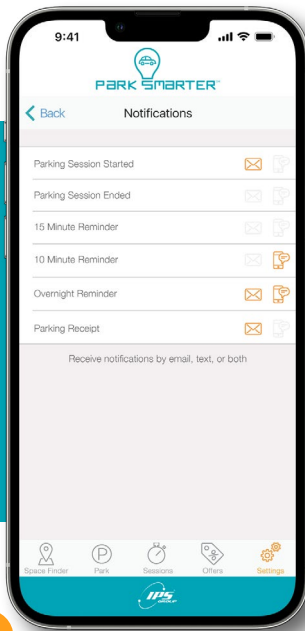

3

User views time left and parked location from a GPS-enabled device

4

Need more time? Open the app, add more time, and extend

5

User selects options for notifications, reminders, and receipts
