Park Smarter™

PARK SMARTER provides your customers with greater convenience in a contactless mobile parking experience. The Bluetooth-enabled app is part of the IPS Fully Integrated Smart Parking Ecosystem and is available to IPS meter customers at no additional cost. Parking policies, rate structures, live alerts, reporting, data analytics, and app management are available through the IPS Data Management System (DMS), fully connected and perfectly aligned with your IPS meter operations.

KEY BENEFITS

Multiple Forms of Payment: Supports payment by major credit / debit cards including American Express®, Discover®, MasterCard®, and Visa®

Quick, Easy Account Access: Simple account setup and intuitive parking payment on iOS and Android

Remote Extensions: Real-time notifications alert users in advance of parking expiration with option to pay to extend

Real-Time Parking Finder: Gives directions to open parking spaces*

Optimized with BLE Connectivity: Puts time on the meter instantly**

Personal Account Management: Provides transaction history, digital receipts, notification settings and preference management for fully personalized experience

**New and Improved Interface:** Provides an enhanced user experience and optimal functionality

* IPS Vehicle Detection Sensors required for the most accurate space availability
** Requires meter BLE upgrade

PARK SMARTER™ SPACE FINDER

**1** Parking Finder scans and identifies nearby parking spaces

2 Parking Finder details proximity and cost of nearby parking spaces

3 Need more time? Open the app, add more time, and extend

4 Review receipt and complete parking history in the app

5 User selects options for notifications, reminders, and reciepts
